To Whom It May Concern,

We are writing to oppose the Voluntary Assisted Dying proposal being put forward. We as a local NT based not for profit organisation work with many vulnerable people. We have the privilege of standing alongside families of diverse backgrounds including First Nation people when they are going through tough times and dealing with sickness.

We believe that all lives hold value and that we should not be the ones to 'play god' in a person's life.

We believe making VAD legal in the NT could lead to increased elder abuse and does not show that elderly or sick are valued members in our community who still have much to offer.

We believe that Voluntary Assisted Dying is morally and ethically wrong.

Thank for your consideration of our submission.

Kind regards,
