Sub Output:

Subject: Greening the Territory initiative

From: Mr Peter Chandler to Mr Karl Hampton
Natural Resources Environment and Heritage

8-12

Question:

Within the scope of the Greening the Territory initiative, one of the specific tasks was to develop a detailed proposal for substituting a large component of diesel generation with renewable energy in remote communities. That was due on 30 April. Has that proposal been delivered to you?

Answer:

Answered On: 26/07/2010

Answer:

The Green Energy Taskforce was appointed by the Chief Minister to investigate this and other energy issues. The detailed proposal is being developed and the Taskforce was given an extension to produce the report. The report has not yet been presented to Government.
