

# **ESTIMATES COMMITTEE**

## **Question Taken on Notice**

**Date:** 13 June 2019

**Subject:** Breakdown of budget savings

**From:** Member for Spillett

**To:** Minister for Health

**Agency:** Department of Health

---

**Number:** 4.28

**Question:** Can you please break down how the Department intends to achieve \$8.4m in savings, broken down into specific areas where the agency believes savings can be achieved, and a targeted saving next to each of those measures in dollar figures?

**Answer:**

Consistent with the budget development process adopted in 2018-19, the \$8.4 million savings will be managed through the 2019-20 budget development process across the program areas of NT Health.

It should be noted that a portion of the savings will be managed through the reduction to grants indexation consistent with the whole of government grants efficiency dividend rate policy.
