

LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY

WRITTEN QUESTION

Mr Giles to Minister for Lands and Planning

**Duplication of roadways, Vanderlin Drive between Patterson Street to Mueller Road**

An announcement was made on 12 April 2010 in regard to funding for the duplication of Vanderlin Drive between Patterson Street to Mueller Road:

1. What is the average vehicle usage per day of Vanderlin Drive between Mueller rd and Patterson Street, for weekdays and weekends.
  2. What is the scope of works involved in the road duplication.
  3. Of the funding identified for the project, what, if any, is from Commonwealth programs and what proportion is the Northern Territory contribution.
  4. For each of the Commonwealth and Northern Territory components, what are the activities that have been included in the respective expenditures.
- 

**Answer**

1. 

	<u>Weekday</u>	<u>Weekends</u>
	20,001	16,490
2. The proposal provides for duplication of Vanderlin Drive from Patterson Street to Mueller Road (approximately 900 metres) including signalisation of entry to the Leanyer Recreation Park, pedestrian crossings and rationalisation of cycle path linkages and public bus stops.
3. All funding for this project is allocated by the Northern Territory Government.
4. All funding for this project is allocated by the Northern Territory Government.
