

**LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY**

**WRITTEN QUESTION**

Mr Maley to the Minister for Infrastructure, Planning and Logistics:

**Daly River Boat Ramp Tender**

On 4 June 2021, the Department of Infrastructure, Planning and Logistics (DIPL) advertised a tender for the construction of a new car park and toilet facilities at the Daly River Boat Ramp off Wooliana Road. Twenty days later the tender was cancelled due to nil responses.

**Questions:**

1. Has DIPL determined why there were nil responses to this tender?
2. Is DIPL communicating with industry to understand the issues and make changes to ensure industry has the confidence to bid on all Government tenders?
3. When will this tender be re-advertised?
4. What is your anticipated budget for these works?
5. Subject to re-advertising and awarding of tender, when do you expect these works to be completed?
