As an Alice Springs Property Owner and Ratepayer I STRONGLY OPPOSE this proposed legislation. It is effectively State Capture, bypassing all the legislative processes and safeguards that have been created over many years. The powers are broad, vague, not subject to proper scrutiny and can be applied retrospectively. This is as bad as what is occurring in America where unelected officials are destroying the fabric of Government - it is difficult to believe this is happening here. Please do not pass this legislation, even in an amended form
