To Whom It May Concern:

I am writing to OPPOSE making Voluntary Assisted Dying legal in the NT.

I believe that every life is valuable and believe that to take part in ending another's life is both morally and ethically wrong.

This law is just the 'thin edge of the wedge'. It leads to being expanded to be accessed by people with dementia, disabilities and mental health. We should learn from history and not repeat it.

We as a society should be protecting our most vulnerable and show dignity and care by helping them to live, not giving ways to take it away.

Thank you for taking time and consideration on my submission.

Kind regards,  
Rebekah Matson
