Dear Ms Finocchiaro,

Thank you for your invitation to submit while we have limited resources and lack the access to all the reports required to make a detailed submission I humbly submit the following which is the product of the work of a range of people both locally and nationally.

Our submission rather than be critical of individuals or organisations seeks to promote our own professional standards and systems that work to address issues as highlighted in the Auditor-Generals reports.

Please feel free to contact me via email or on 0401119789mbl should you require any further information.

And to that end as a Certified Practising Project Director and per your letter of the 18<sup>th</sup> of September 2013 Re: Calls for Submission into the Management of ICT Projects; please find attached my submission to your committee's inquiry.

Yours sincerely
