Appendix

Aboriginal burial sites are known to be located within or in the vicinity of the subject land. Those that could be identified at the time this Certificate was issued are described in this Appendix, and have been shown as crosses on the attached map (Annexure A). You should note that the quality of our data in relation to burials varies, and we cannot always provide the exact location of identified graves. However, under the *Northern Territory Criminal Code* it is an offence to interfere with remains of a deceased person. Under the *Northern Territory Heritage Act* it is an offence to interfere with the remains of a deceased Aboriginal person without authorization under that Act.

We have done our best to provide information to assist you in fulfilling your legal obligations under these Acts, and caution you that any ground disturbing works in the identified areas may result in the discovery of Aboriginal or other remains. In the event that any skeletal remains are unearthed it is your responsibility in law to stop works and report immediately such disturbance to the NT Police, and to the Director Heritage Branch, Department of Lands, Planning and the Environment.

List of known burial places within the subject land:

1. 5073-163 is a large undefined burial ground west of Totem Road, which may contain the burials of up to 200 people. The boundary is only indicative and has been located approximately at E701177 N8628221 (UTM GDA94).
