ORIGINAL PAPER

No. 396
Laid upon the Table
24/8/17

Speaker of the Legislative Assembly
GPO Box 3721
Darwin NT 0801

KEZIA

Dear Madam Speaker,

Paceh
PAPER TABLED
24/8/17
CLERK: *[Signature]*

The Unit Indonesian Language 2 [INI102] has now been completed and I am pleased to report that I have passed this unit.

The Objective of partaking of this course was to strengthen my knowledge of Bahasa Indonesia in order for me to more effectively participate in discussions with Indonesian counterparts. A second objective was to demonstrate the importance of ongoing learning to fellow Territorians and in this case the importance also of learning the language of our near neighbour.

The course was undertaken at Charles Darwin University and was completed by both working online and attending lectures.

Irrespective of age I wholly recommend ongoing study, it is challenging and stimulating. As a parliamentarian it also helps to better understand our University by studying through it.

As a parliamentarian it is also an opportunity to show leadership within our community by valuing learning and by showing by example that the study of Asian languages is important to our future.

Sincerely

[Signature]
