Question:

With regard to the bulk liquid berth at East Arm Wharf that has to be intrinsically safe, and it is said to have been compromised - has the harbourmaster had any concern about safety to date and what measures have been taken to make the bulk liquid berth at East

Arm Wharf safe?

Answer:

The Harbourmaster has no concerns in relation to the safety of the Bulk Liquids Berth at East Arm, on advice from the Darwin Port Corporation that it has engaged two separate independent experts who have deemed it safe for operation.
