Questions Taken On Notice

Date: 16/06/2010

Output: Transport

Sub Output: Road Network

Subject: Barkly Highway

From: Member for Nelson to Hon Gerry McCarthy MLA

No. 6.8

Question: Cost of Repairs to the Barkly Highway near Rankin River in 2008 and subsequent repairs in 2009 and were all costs recovered from the Commonwealth?

Answer:

- The estimated total disaster maintenance repair cost for the Barkly Highway was \$5.3 million. Of this amount \$2.7 million of emergency repair works were completed in 2008-09 and \$2.6 million of restoration works was completed in 2009-10.
- Costs for NDRRA are recovered from a pool of all disaster projects across the Northern Territory (Northern Territory Government and Local Government) annually. Reimbursement is calculated on a pro rata basis in accordance with the NDRRA Commonwealth guidelines for approved events. Accordingly, funding returned on individual projects is not quantifiable.
