2. What impact will the efficiency dividend have on these agreements?

Where the efficiency dividend applies to grants, there will be a small reduction in funding for the organisation.

3. Please specify for each of those on the list (per question 1) what amount will be deducted from their annual grant?

In accordance with grant agreements, funding levels per organisation are determined annually, based on negotiations as to service delivery requirements, available funds, and the impact of budget

inflators/deflators received through budget parameter adjustments and efficiency dividends.

4. Please specify for each of those on the list, when you advised the individual organizations of the funding cut as well as their response.

The Department of Local Government, Housing and Community Development contacted all individual organisations impacted by the efficiency dividend.
