Subject: In support of the decriminalisation of sex work
Date: Tuesday, 8 October 2019 8:36:10 AM

I would like to voice my wholehearted support for the full decriminalisation of sex work in NT. I am a sex worker and I have worked all over Australia and in other countries. It is obvious to me that sex workers who work in places with decriminalisation in place are healthier and happier and safer - and this is also demonstrated by the LASH report and the NSW Kirby report.

Decriminalisation in the NT would be a huge step forward in protecting the health and human rights of sex workers.

Thank you for your time.

Nancy de Castro
