WRITTEN QUESTION

Victims of Crime applications, Bob Collins

Member (John Elferink) to Minister for Justice and Attorney-General

How many applications have been received by Government for victims of Crime Compensation associated with the activities of former Labor Senator Bob Collins?

The Department of Justice does not comment upon specific compensation matters even in general terms. I support this position. The information is private and it is inappropriate for me or the Department to disclose such details. This is a position that is supported by Victims of Crime NT.
