**WRITTEN QUESTION**

Mr Chandler to Minister for Education.

**T-9 Diagnostic Net**

Remote school teachers were required to make judgments against the T-9 Diagnostic Net for each student in July 2011, judging whether students are 'on track' or 'not on track' to do what is expected for their age cohort by the end of the year:

- Please provide a breakdown of these results by school and year level; including the number of students tested and how many were 'on track' and how many were 'not on track'.
-
