Subject: Transfer of land from Department of Defence to Department of Finance

QUESTION:

Provide evidence and facts as to the transfer of responsibilities of that land from the Department of Defence to the Department of Finance in relation to the current status of the two transmission licences that operate across that land?

ANSWER:

The Department of Defence has communicated to the Territory advising that while it does have some assets on Section 5623, it is not the owner of the site and the Department of Finance manages the site for the Commonwealth.
