I wish to state my opposition to the Territory Coordinator Bill.

My name is Jen Robson and I have lived and worked in the Territory for over 30 years and to see this government willing to give an unelected person the powers to step in, override, and exempt projects from existing processes under NT law represents a scary future for the NT.

I believe this legislation is a threat to democratic processes. The powers vested in the Chief Minister and Territory Controller by this bill represents an enormous overstep, centralising decision-making authority in only a few individuals and circumventing delegated processes.

The potential impact to our environment, health and safety is frightening. The current laws are in place to protect our beautiful and unique Territory whilst still allowing economic growth in a sustainable way.

Yours sincerely,
Jen Robson
