To whom it may concern

Please be advised that am opposed to the Assisted Dying practice being adopted for many reasons ,one in particular is that many indigenous people who i am in relationship with like the process of dying as it is for them now eg Paliative care arrangements and community arrangements.

Another is i uphold the dignity of life and it is my considered opinion that pursuing assisted dying is a way to adopt further actions against the dignity of life by including people who have various disabilities in this process .

Yours sincere

Stephen Paul Lewin
