

ESTIMATES COMMITTEE – ANNUAL REPORTS

Question Taken on Notice

Date: 29 November 2017

Subject: Outstation funding

From: Member for Nelson, Mr Gerry Wood MLA

To: Minister for Housing and Community Development, the Hon Gerald McCarthy MLA

Agency: Housing and Community Development

Number: 7-1

Question:

Can you provide a list of outstations that you fund, how much you fund each community, and what the funding is used for in each community?

Answer:

The Homelands Program provides grant funding to approved service providers for the delivery of services to homelands and town camps across the Northern Territory.

Grant funding comprises:

- Housing Maintenance Services grants provided for the direct cost of urgent and routine housing repairs and maintenance for dwellings on homelands, and also for dwellings in those town camps which are not currently under public housing leases.
- Municipal and Essential Services grants are provided for:
 - the delivery of municipal services on homelands and town camps including: waste management; maintenance of internal roads, airstrips, fencing, and fire breaks; landscaping and dust control; environmental health activities; and dog control; and
 - the provision of essential services on homelands, including the operation and maintenance of electricity, water and sewerage systems.
- Homelands Extra Allowance grants are provided to homelands residents for improvements and upgrades to homelands dwellings which have been agreed between the service provider and the resident. Eligible upgrades include works to provide: health and safety improvements; shelter from the elements; more sustainable electricity and water supplies; cost reductions; and disability modifications.
- Municipal and Essential Services Special Purposes Grants (MESSPG) are provided to approved service providers for homelands capital improvements including: the purchase of plant and equipment for use in the provision of services; and the construction or upgrade of community facilities and infrastructure.

Details of the funding provided to each Homeland in 2016-17 by grants program are provided in the following table.
