

**LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY**

**WRITTEN QUESTION**

Mr Higgins to the Minister for Housing and Community Development:

**John Stokes Square**

1. In the Estimates Hearing it was revealed there may be additional social housing in the John Stokes Square redevelopment. Recognising the department is being “cautious at not having too high a density”, how many more tenancies are being considered?
2. Given the funding for the project starts next year, what approximate timeframes are you hoping to implement for the project start and end?
