Health

Question: **4-6**
Can you please provide a list of service providers who have yet to receive a new funding agreement that would see that service continue from 1 July 2016?

Answer:
Answered On: 07/07/2016

ESTIMATES COMMITTEE

Question Taken on Notice

Date: 16 June 2016 **Output:** Opening Statement
Subject: Funding Agreements for Health Service Providers
From: Ms Lynne Walker
To: Hon John Elferink
Agency: Department of Health

Number: 4.6

Question: Can you please provide a list of service providers who have yet to receive a new funding agreement that would see that service continue from 1 July 2016?

Answer:

All Non Government Organisations (NGOs) that receive funding from the Department of Health were contacted before 30 June 2016 with advice of the proposed funding arrangements for the organisation for the coming financial period.

Documentation of grants is currently being finalised for 54 NGO's. Some of these NGO's are still to submit quotes or other required paperwork to allow finalisation of these agreements. Another factor contributing to timing has been the implementation of a new grant management system. The change management process surrounding this has proven challenging for both the Department and contracted NGO's.

It is expected that all NGO's that have provided the necessary information to the Department will receive funding agreement(s) by 25 July 2016.
