QUESTION ON NOTICE 10.6

FROM: Minister for Infrastructure
TO: Mr Gerry Wood, Estimates Committee

Tel.:

The new Berrimah Fire Station was built as design and construct. What was the total number of variations approved in that construction?

ANSWER

[Output Group – 2.0 Construction Division]:

There have been 23 approved variations on the Berrimah Fire and Emergency Services Facility. Details of variations are commercial in confidence.

Project variations record any approved change to a project and can represent increased, decrease or no cost to a project. Given the scale and complexity of this project the number of variations is within normal expectations.
