

**LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY**

**WRITTEN QUESTION**

Mr Guyula to the Minister for Education:

**Homeland Schools**

The recent Department report into homeland schools has shown that they have been chronically neglected and underfunded. This problem is both historic and current. In the 2018/19 period, Langarra Homeland school on Howard Island near Milingimbi received \$263,730 while Douglas Daly got \$355,276. Both schools have the same number of students.

1. What has been provided in the current budget to rectify that situation and bring equity between all schools?
