Portfolio: Essential Services

Agency: Jacana Energy

Subject: Number of CEOs in last four years

QUESTION

How many CEOs has Jacana had in the last four years, permanent and acting?

ANSWER

Permanent – 3 (to 30 June 2020)

Acting – 4 (to 30 June 2020).

The acting CEO position has been used to cover:

- the vacant CEO role upon the initial establishment of Jacana Energy;
- to backfill during recruitment of permanent CEOs; and
- annual leave arrangements.

Most recently an A/CEO was appointed following the secondment (and then permanent appointment) of Ms Djuna Pollard as the CEO of Power & Water Corporation.
