

LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY

WRITTEN QUESTION

Mrs Hersey to the Minister for Education:

**International Education Budget**

**1. What is funded under the international education output in Budget Paper 3, page 147? Please provide as much detail as possible.**

- Budget Paper 3 allocated \$2.13m to International Education. This includes \$1.5m of own source revenue from international student fees.
- This funding provides the following:
  - coordination of the international education program, including staff and systems to deliver services to international students;
  - development of international partnerships and agreements to strengthen the international education program;
  - grant payments to schools to deliver education to international students and build international education capacity; and
  - marketing activity to increase enrolments and study opportunities.

**2. What part of international education is the Minister for Education responsible for, and how does this differ from the responsibilities of the Minister for International Education? Please provide as much detail as possible.**

- The *Administrative Arrangements Order (No. 3) 2022* specifies that the Minister for International Education is responsible for international education strategy. The Northern Territory (NT) Government's international education strategy is detailed in the *NT International Education and Training Strategy 2019 – 2025*.
- The Minister for Education is responsible for the operationalisation of the international education strategy in regards to providing education services to international students enrolled at NT Government schools.
