Herstory™ is Real, Re-evolving One 4 all.

In a competitive and deceitful culture of diversity and apartheid, there is a real solution and new passion of Herstory™ being born to teach the only Multicultural Holistic Health and Crime Prevention Education in the world.

On 7 November 2023 and 2024 at Australia's First Treaty™ Symposium representatives launched its inclusive and ethical beginning so that we may all teach Collaboration, Equality, Unity and Reconnection through the first solution of Multicultural wisdom, kinship, well-being and one family.

This solution is a reparation instrument to re-navigate and re-execute a real equal two way science, law, society and culture so that all Australian English people can rediscover and reclaim their and this continent's original and truthful identity, sovereignty and that they are not part of a continual and systemic problem.

The MAS™ter DIVE program, medical services and instrument includes its holistic sustainability accreditation and competencies to restore and manage nature, re-filter and clean the atmosphere, revive and reconnect to the oceans, renew and reset a waste free world, reverse and rethink climate change and eliminate or close the equality and equity gap manufactured on this planet.

Furthermore, it advocates a fair and just IP and business model so we can "recreate balance in society where women and men are equally represented and to facilitate and support reconciliation and unity amongst all cultures, races, religions, peoples and species through healing as family, together on Country" and being "that every child and all species (human, plant and animal) deserve an optimal equitability or equal future with this Country, Nation and Planet."

Let's all uphold and be compassionately, creatively, collectively, committed and connected to Commonhealth™ through supporting, funding, developing, implementing and practicing a prescribed 5d Multicultural Education resolution and legacy.

We always celebrate Multicultural™ Day on 8 November to innerstand this inaugurated and authorised sovereign education system which is where History and Herstory™ will be stronger by coming two-gether and humanity can harmoniously and sustainably unite all for one to repair and heal Mother Earth.

Yours Truly

WURRINGA & MERRIWURRUNG
