Good afternoon

I would like to record my husband and my opposition to the proposed VAD legislation in the NT.

We believe the focus should be quality of life, good services in palliative care rather than using resources to end people's life. I do have the experience unfortunately of losing my father in Qld in 2018 to Creutzfeld Jacob Disease. Very traumatic, however, he did receive very good palliative care, which we were thankful for.

We are a long term Territorian Christian homeschooling family with a local business up here.

Angelique & Karl Tester
