NT Government,

I am writing to express my opposition to the proposed changes to the Care and Protection Legislation Amendment (Every Child Matters) Bill 2026.

We cannot move backwards like this.

Increased government intervention into the lives of vulnerable families is not the answer.

Please can the government put their focus into stable housing, therapeutic support, culturally safe services and early intervention services?

The government is using an extremely tragic loss to build momentum for the continuation of overtly racist policies. This proposed change will further damage communities in the Northern Territory.

It's Sorry Day in 4 days.

What is happening?

Jane Lee
