TRAVEL/EXPENDITURE REPORT

Pursuant to Clause 6.12 / 6.13 of Remuneration Tribunal Determination No 2 of 2016, I report on the trip to Sydney 8th to 10th July 2017.

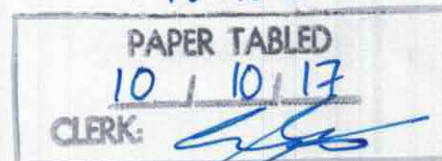

The objective of the trip was to visit and meet with people associated and involved with the equine industry and to gain a better understanding of how equestrian centres are development, operated and contribute to the local and wider communities from a social and economic perspective.

Horse ownership in the rural areas of Darwin is high and the economic and social contribution is under estimated so I am building a case for greater emphasis to be placed on equestrian, polocrosse, western pleasure, pony club, barrel running and camp draft activities.

Yours faithfully
