

LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY

WRITTEN QUESTION

Mr Higgins to the Minister for Infrastructure, Planning and Logistics:

Infrastructure funding figures

1. There appears to be an \$11M increase under Infrastructure Investment Delivery (BP3, p89) which is attributed to additional resourcing “to support the delivery of economic stimulus programs and additional funding to underground power lines”. Given you have stated \$10M is to be earmarked for undergrounding power lines, does this mean just \$1M will go towards your much touted economic stimulus programs?
2. If we’re reading that wrong, please provide a breakdown of which programs the extra \$11M is going towards precisely?
3. Please fill in the blanks of the attached table and correct any errors in the figures.

	1 July 2017			30 Jan 2018	31 Mar 2018	7 Apr 2018		1 May 2018

From Media Brief – monthly update, January 2018

From Opposition Brief – Spend and Contracts Awarded for DIPL only, March 2018

OTHER FIGURES

At the end of March 2018, projects valued at over \$130M were out to market - Opposition Brief – Spend and Contracts Awarded for DIPL only, March 2018

“Of the Territory’s expenditure – between \$1.4 and \$1.5 billion – the Department of Infrastructure, Planning and Logistics plans to spend between \$850 million and \$900 million in 2017-18. The revote figures I discussed during the Estimates committee hearing this week relate to a program of works that includes projects that will be delivered over a few years and do not relate to anticipated cash expenditure in any particular year” – Andrew Kirkman, NTN p 16, 15 June 2018

“...the Government is on target to spend between \$1.4 billion and \$1.5 billion on infrastructure during 2017-18” – Nicole Manison, NTN p 16, 15 June 2018
