Subject: Fisheries - Aquaculture Licences

From:Ms Fay MILLER to Honourable Kon VATSKALIS
Minister for Primary Industry and Fisheries

Question: **8-5**
Could you please provide me with a list of the 18 aquaculture licences that were issued in the last 12 months, who they were issued to and to what type of aquaculture they relate?

Answer:
Answered On: 04/08/2005
Answer: There was one new aquaculture license issued during the 12 month period. This license was for redclaw crayfish aquaculture. This compares to two new licenses in the previous 12-month period. Existing prawn aquaculture production increased by more than 30 percent, while Barramundi aquaculture production increased by around 40 percent.
