**Question:** How many Members' vehicles were changed over before they had clocked up 40000kms or had been held by a member for two years?

**Answer:**

Answered On: 29/06/2007

Answer: One vehicle was changed over prior to 40,000 kms. This was the vehicle for the Member for Sanderson, and was changed over for occupational health and safety reasons. This vehicle replaced a Department of Legislative Assembly vehicle which was due for replacement through NT Fleet.
