Question: How many days per year is Butterfly Gorge open?

Answer:
Answered On: 28/06/2007
Answer: Access to Butterfly is determined by vehicle access. There is a fair bit of black soil plain country and the black soil plain takes considerable time to dry out. Hence the track is opened around mid-May and it is usually about mid-November when it is closed. On the basis of that, it is about 180, maybe 200 days.
