Question:

How many modular homes are being constructed under NPARIH, and in which communities? Are any modular homes are being constructed under NPARIH and in which communities?

Answer:

Answered On: 10/07/2013

ESTIMATES COMMITTEE

Questions Taken on Notice

2013

Date: 25 June 2013

Output Group: Remote Housing

Output: 3.2

Subject: NPARIH

From: Nicole Manison MLA
Member for Wanguri

To: Hon Peter Chandler MLA

Department of Housing

Number: 7.15

Question: How many homes are being constructed under the modular packs and in which Communities?

Answer:

No modular pack homes are being constructed under the National Partnership Agreement on Remote Indigenous Housing (NPARIH).

The NPARIH program has been investigating the use of pre-constructed houses since 2009. The Murray River North (MRN) product has been successfully used in the APY Lands in northern South Australia and more recently by the Western Australia Government in delivering the NPARIH in their respective states.

A total of 48 houses are being procured through the Department of Infrastructure delivery model from Murray River North.

Beswick	13
Bulman	2
Imangara	7
Ali Curung	10
Wutunugurra	12
Finke	4
Total	48

The use of pre-constructed houses had been considered in the past but not utilised until now as it has some limitations due to transport.

The MRN product can perform to the products specifications and guidelines set for the NPARIH – NT.
