Estimates Committee 2009 Questions Taken On Notice (16/6/2009 to 19/6/2009)			
Subject:	NTPFES - Darwin Watch House - flea fumigation		
Fron	n:Mr Terry Mills to Chief Min Northern Territory Police Fi		
Question:	<b>3-9</b> Was the fumigation to deal with the flea problem delivered by a local contractor?		
	 Things are moving so quickly, Commissioner, and through the Chief Minister, I want to know how much it costs.		
Answer:			
Answered On: Answer:	06/07/2009 The fumigation was delivered by a local contractor at a cost of \$700, excluding GST. At the time there was no whole of Government period contract for pest control in Darwin, therefore the Agency was not obligated to use a particular provider. This type of fumigation is conducted on a 'needs basis' and is not a regularly scheduled service.
