Answer: Certificate of Exemption – Tourism NT  
Contract with ITNU Pty Ltd

Advice from Tourism NT in response to this question on notice is:

To deliver its charter Territory Discoveries required a fully online reporting system that communicated and linked to its backend wholesale and retail reservation system, Calypso. To do this Territory Discoveries has utilised Report Manager and a server provided by ITNU since 2005.

ITNU is the only company in Australia that has the capacity to continue providing the real time reports required by Territory Discoveries. The Certificate of Exemption was approved to extend this relationship to bring it in line with when the Calypso contract is due to expire.
