**Question:** **10-5**  
Please provide information that relates to any delays in the completion date of that recent project, details of any cost overruns, and the cause of those cost overruns for. That is at the Katherine Power Station.

**Answer:**  
As discussed and agreed to in the estimates process, Managing Director of PowerWater, Andrew Macrides, will provide a formal briefing to Mr Westra van Holthe once the project is completed. This briefing will provide information that relates to any delays to the project and the costs involved with said delays.
