

LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY

WRITTEN QUESTION

Ms J Carney

to Minister for Infrastructure and Transport

Darwin City Waterfront - Roads Maintenance

1. What amount has been put aside for the repair and maintenance of the roads leading in and out of the site?

ANSWER

McMinn Street access to the Darwin City Waterfront site will be upgraded to take account of the increased traffic generated by the development of the site.

This work will be undertaken in conjunction with the provision of headworks to the site boundary as provided for under the Territory obligations and will extend to the Bennett Street intersection.

Under the terms of the Community Infrastructure Project Delivery Deed, the developer will upgrade the existing Mavie Street consistent with the standard required by the Darwin City Council.

Traffic on all roads leading in and out of the site will be subject to legal load restrictions and will be maintained in accordance with usual arrangements from the maintenance budget.
