ANSWER

There is no statutory requirement to record these details. There is no central recording of information on applications, successful and/or unsuccessful for part time positions within the NT Public Service.

Requests for part time arrangements for current public servants are addressed within individual agencies on a case by case basis that does not involve the Office of the Commissioner for Public Employment.

Although the Office of the Commissioner of Public Employment does not hold the specific information requested above, attached are records of NT Public Service data on part time employees that may assist. The data represents a snapshot for actual part time employees as at June 2010 and June 2011 and includes agency, gender and regional information.
