WRITTEN QUESTION NO 227

Minister for Essential Services, in relation to the portfolio areas within the Power and Water Corporation – Generic Estimates Questions.

ANSWER

The Power and Water Corporation (PWC) is an independent Government Owned Corporation with an independent Board of Directors.

This question requires a significant amount of effort by the Corporation to produce an answer that would provide the detail requested.

PWC Management will be in attendance for the 2011 Estimates Committee Hearings and will answer these questions at that time.
