ANSWER

Answered on 22/05/96

The Regulations made under the *Pay-roll Tax Act* provide for claims for refunds in respect of Trainee Graduates to be made in the year following the payment of the relevant wages. The Trainee Graduate refund provisions were introduced in 1994/95. Claims relating to that year were received and refunds made to the amount of \$4243 during the period July 1995 to December 1995. Claims relating to the 1995/96 financial year would be processed during 1996/97.
