

LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY

WRITTEN QUESTION

Mr Maley to the Minister for Infrastructure, Planning and Logistics:

Arnhem Highway – Adelaide River Floodplain Upgrade

Background:

The \$77.9 million dollar upgrade of 6.6 kilometres of new road and 13 new bridges on the Arnhem Highway to improve flood immunity at the Adelaide River Flood Plain, commenced in September 2020 and is expected to be completed by late 2021.

Questions:

1. Please advise if this project is on schedule and on budget.
2. Have there been any variations? If so, what are they and how much did they cost?
3. Have there been any construction defects? If so, what are they and how much did they cost?
4. Have there been any changes to the design of the road between Fogg Dam and the Adelaide River Bridge following construction defects on the initial roadworks?
