Question Taken on Notice

Question Number: 11-2

Output Number:

Date: 22 June 2023

From: Mr Joshua Burgoyne

To: Mr Trevor James

Portfolio: Essential Services

Agency: Jacana Energy

Subject: Percentage increase of electricity per industry

QUESTION:

Are you able to provide a percentage increase in the commercial price of electricity that Jacana provides per industry for last financial year?

ANSWER: Changes to the commercial price of electricity varies significantly depending on the type of industry, the tenure of the electricity contract and how commercial customers consume electricity. Consequently, some commercial customers may not experience material price increases, while others will. It is therefore not possible to provide a figure that will accurately represent the entire commercial customer base.

For privacy and commercial-in-confidence reasons Jacana Energy is unable to report on changes in individual customer prices.
