Question Taken on Notice

Question Number: 2-11

Output Number: Whole of Government

Date: 14/06/2023

From: Mrs Jo Hersey

To: Hon Eva Lawler

Portfolio: Education

Agency: Education

Subject: 0.6% growth in student numbers

QUESTION

Of the 0.6% growth mentioned, what is that in actual student numbers?

ANSWER

Attendance rate measures the proportion of time students attend school out of the time they are expected to attend school over the time period; it does not measure the number of students.

For Term 1, 2023 the proportion of expected time students spent at school was 77.1% compared to 76.5% in Term 1, 2022.
