Subject: Expenditure under the Mine Remediation Fund

QUESTION

Expenditure under the mining remediation fund so far this year is about \$0.9m, how does that compare to 2021–22 and 2022–23?

ANSWER

Expenditure under the Mining Remediation Fund 3 is outlined below for the financial years of:

2022-23- \$1,314,240

2021-22 - \$864,958

2020-21 - \$583,279

These figures have been derived from the Annual reports.

The projected expenditure for this quarter is estimated to be around \$2.4 million. This will result in total expenditure of \$3.3 million for the 2023-24 financial year. This estimation is based on invoices that have been paid, and invoices yet to be expended from the Mining Remediation Fund.
