

ESTIMATES COMMITTEE – ANNUAL REPORTS
Question Taken on Notice

Question Number: 9-2

Date: 29/11/2017

From: Mr Terry Mills

To: Hon. Lauren Moss

Portfolio: Environment & Natural Resources

Agency: Environment & Natural Resources

Subject: Automatic container deposit machines

QUESTION

On page 22 in your annual report you show a picture of an automatic deposit machine. These were originally to be set up in shopping centres and at CDU. Are any operating in the Territory, and if not, why not?

ESTIMATES COMMITTEE – ANNUAL REPORTS
Answer to Question Taken on Notice

Question Number: 9-2

Date: 30/11/2017

From: Mr Terry Mills

To: Hon. Lauren Moss

Portfolio: Environment & Natural Resources

Agency: Environment & Natural Resources

Subject: Automatic container deposit machines

Answer

The first question was in relation to the reverse vending machine, on page 21 of the annual report. The picture of the new machine is at the new depot Revive-Recycling, trading as iReturn. iReturn operates a drive-in depot but has two reverse vending machines inside the depot. There is also a reverse vending machine at Charles Darwin University. It is from Envirobank Recycling. In addition they run a mobile unit which also provides services to Wagait Beach and Jabiru.
