ESTIMATES COMMITTEE

Question Taken on Notice

Date: 2 June 2015 **Output:** 1.3

Subject: **List of 122 Outstation Homeland or Town Living Areas**

From: Member for Barkly (McCarthy)

To: Minister Price

Agency: Local Government and Community Services

Number: 7.5

Question: **Minister, will you provide a list of the 122 outstation homeland or town living areas that are no longer funded in Budget 2015-16?**

Answer:

Under the Homelands Program only communities that are a primary place of residence are eligible to receive support for municipal and essential services, and housing maintenance.

These are communities that have a permanent population of core residents living at the community year round. The population may vary in numbers due to seasonal and cultural reasons, but there is a consistent core group of residents that live at the community.

Additionally, communities that are seasonally occupied are also funded. These are communities that have a permanent population of core residents, but because of restricted access during the wet season, are not occupied during this time.

Information about which outstations/homelands have permanent residents is provided by the homeland service providers.

Outstations that are used intermittently, such as for hunting trips, during holidays, or as stop-overs are not eligible for funding (refer Attachment A).
