Subject: Cost to remove Evidence of Smoking in Members' Vehicles

From: Ms Jodeen Terese CARNEY to Honourable Jane Lesley AAGAARD
Department of the Legislative Assembly

1-11

Question: Did any vehicles need specialised treatment to remove evidence of smoking during the year? If so, how many, Whose vehicles were they and what was the cost?

Answer:

Answered On: 29/06/2007

Answer: All NT Fleet vehicles which are disposed of are checked by NT fleet and then go to auction detailers prior to going to auction. NT Fleet advise that there was no evidence noted of any treatment required in relation to smoking in vehicles.

No treatment to remove evidence of smoking was required to be undertaken through the Department of Legislative Assembly during the life of any vehicles allocated to Members.
