

**LEGISLATIVE ASSEMBLY OF THE NORTHERN TERRITORY**

**WRITTEN QUESTION**

Mrs Lambley to the Minister for Renewables and Essential Services:

**Ayers Rock Power Supply**

1. Does the Northern Territory Government subsidise the Ayers Rock Resort power supply.
2. If so, how much do they receive?

**ANSWER:**

Jacana Energy receives a Community Service Obligation (CSO) from the Northern Territory Government that subsidises electricity tariffs across the Northern Territory, including the Ayers Rock Resort in Yulara. Note 4 on page 31 of Jacana Energy's 2016-17 Annual Report shows the total CSO applied to Jacana Energy in the 2016-17 financial year was \$77.809m.
